We must help women in our communities, for if we don't, who will?

About WHO

Women Have Options is a group of Licking County residents joining together as volunteers to help women faced with crisis pregnancies.

WHO/O provides information about possible choices and assistance with the cost of contraception.

WHO/O helps women who have made the decision to terminate a pregnancy by providing:

- Financial assistance as needed
- Referrals to clinics

Our Philosophy

Reproductive decisions are extremely personal choices and should be made by each individual, not by legislators.

Having reproductive choice allows a woman to take charge of her own life. Access to appropriate contraception as well as to safe, legal abortion is a crucial part of good health care for all women.

Every woman should be free from coercion or financial limitations to decide what is best for her future.

We must help women in our communities, for if we don't, who will?

The Women We Help

Since our founding in 1992, Women Have Options has provided financial help to more than 1,000 women, and has assisted many others with unbiased and current information and other requested help. **WHO/O** assists women in Licking, Perry, and Muskingum counties.

Because of a grant from a national foundation, Women Have Options is also able to assist women throughout Southeast Ohio.

Most women who approach **WHO/O** for assistance have limited resources. Some are single parents struggling to support their children, many are students determined to complete their education, while others are facing debilitating conditions such as domestic violence, alcoholism, AIDS, rape or incest.

Our toll free number is: 1-866-715-9657
In Southeast Ohio call: 1-740-593-3375 ext 232

WHO/O supporters believe every woman

- ...has the right to make her own decision about an unwanted pregnancy;
- ... has the ability to make a responsible choice based on her own circumstances and values; and
- ... has the right to receive safe, legal, professional health care.

How can you help?

Our goal is to ensure that every child is a wanted child and that no woman is jeopardizing her health or her future for lack of funds. Please join us in our commitment to women's lives and women's futures. Your tax-deductible contribution enables women in our communities to get help when they need it. Our fund helps to pay for contraceptives.

The **WHO/O** fund must be continually replenished if we are to continue to meet the urgent needs of women in our community.

Please support
